DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in an e-mail correspondence with Pascale Hair on 4/4/06.

The application has been amended as follows:

In claim 1, "an elongate support member supporting" has been changed to --an elongate support member having two longitudinal ends supporting--.

2. The following is an examiner's statement of reasons for allowance:

3. The prior art does not disclose or suggest "wherein the longitudinal ends of the support member are configured differently and complementarily to one another, and the capping member is configured to cap either of said longitudinal ends" in combination with the remaining claim elements set forth in claim 1 and dependent claims 2-5.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
